

MRPCA Social Media Policy

Maverick Region, Porsche Club of America, 2017

These simple rules apply to both of The Maverick Region PCA Facebook groups :

Closed Group <https://www.facebook.com/groups/mavpca/>
“Maverick Region Porsche Club of America – MRPCA”

and

Public Group <https://www.facebook.com/groups/MavsAndMochas/>
“Mavs & Mochas”

- 1) Board members should NOT recommend any vendor’s products or services, regardless of that vendor’s advertiser status, in public posts or comments. Private messages from board members to group members are allowed.
- 2) Advertisers and vendors should NOT recommend or mention their own work, or the work of their employer, in public posts or comments. Private messages from advertisers and vendors to group members are allowed.
- 3) If group members wish to contact a vendor/advertiser, they should do so via the vendor’s company email, website, or Facebook, and not on the Maverick Region Facebook pages.
- 4) Slipstream advertisers may have opportunities to be featured on Facebook from time to time, but this will be managed and promoted via club and group management, not directly by the advertisers.
- 5) Anyone can share free (or not-for-profit charity) events or drives to the groups. Vendor-sponsored drives and events will be considered by the admin team and/or the Maverick Region PCA board.
- 6) Please don’t post pictures of wrecks, out of courtesy and respect to those who sustained losses, and because there is no way to know what legal and insurance issues will arise later. Pictures of wrecked cars in salvage or for sale are allowed.
- 7) Be nice.

If you see a violation of the rules, report it to admin.

The administrators reserve the right to delete posts and comments, freeze commenting, and remove group members who abuse the rules or common decency.
